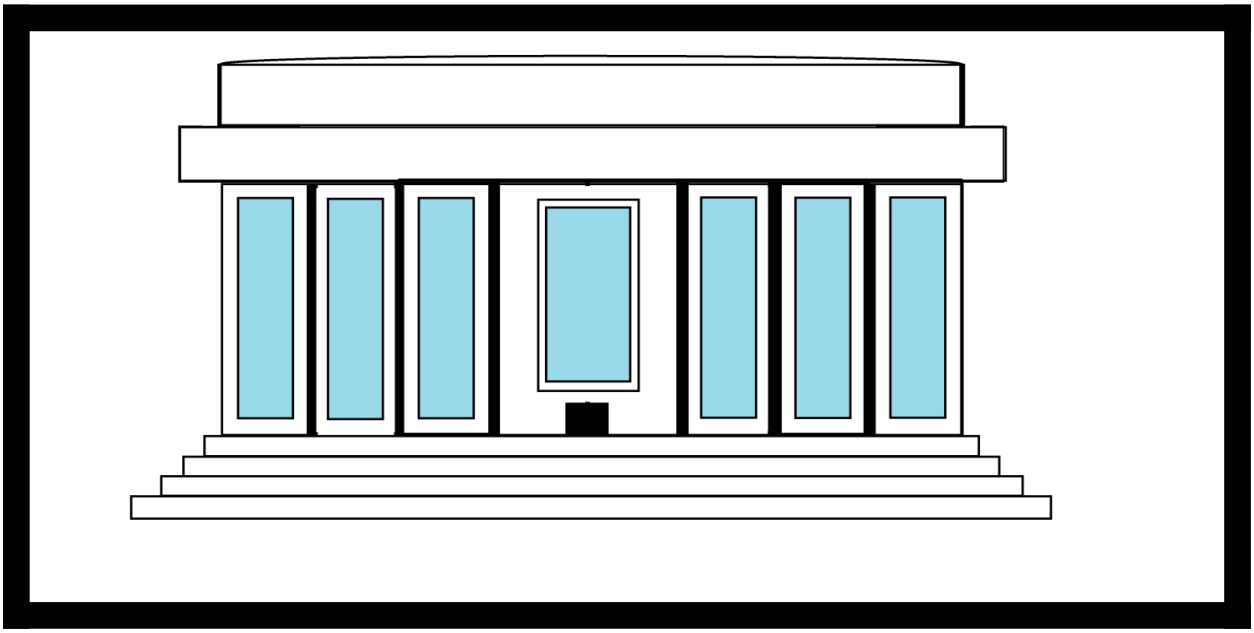
The Birth of Moses.
The Childhood of Moses under YHVH, the Mother of God.



YHVH's Call to Moses: You are my Son.

Moses's Response to ELOHIM: You are my God. I have known you FOREVER!
YHVH appoints Moses as the Messiah of Judah and ELOHIM. Moses calls her YHVH Elohim, and ADONAI ELOHEI ELOHIM, The Lord, the God of Gods.
God tells Moses to inform the Sons of Judah and to let it be known unto the Daughters of Judah, that Elohim will dwell above the Federal Government of Judah as the Federal Lord of Judah, and they are to be seen in attendance at the University of Judah, the State Country Club of Judah, the State Hospital of Judah System, the House of Religion, the House of God, the House of the Lord, and the House of Education and the House of Jurisprudence and Jurisdiction, which are the Temples of YHVH, Elohim, and Judah. As you have heard and as you will know, the Temple of God is the Origin of the Universe, and it is Holy. The Temple is the Temple of Temples just as YHVH is the God of Gods, and the Messiah is the Lord of Lords and the King of Kings.

Moses is raised by the National and State Sorority of Judah.

Moses is watched over by the Crown Princess, his Sister, and the Crown Queen of Judah, his Mother.

Moses' father is Jethro, the Commander of the Military of Judah.

Moses' mother is YHVH Elohim, the Queen Regnant and Chief Judge of Judah.

The husband of YHVH Elohim is Elohim, the State Father of Judah and the Son of God.

Moses is the Son of God.

Moses's aunts, uncles, cousins, brothers and sisters, and the Friends of the Imperial Family, several families, come to Elohim's House in Northwest Jerusalem to lay eyes on the God Baby.

The First Day of School, Halloween, Thanksgiving, Christmas Eve, Christmas Day, New Years Eve, and New Years Day are State Holidays in Judah.

YHVH, the Grand Sorority of Judah, and the Son of God, Son of PROETEPRE, raise Moses as Imperial Crown Prince of Judah. As soon as Moses recognizes himself, or as soon as Moses recognizes the legend of His People, he becomes the Crown King of Judah. YHVH is the Mother of Moses and the Queen Regnant of Judah. The sister of Moses is older than him, and she raised him. She is the Nominal Crown Princess of Judah, and the Queen POSTCURSOR. The brother of Moses is also older than him, and is a prominent Oil Baron of Judah. He is the Sheriff and Khaliif of Judah, a Federal God of Judah. YHVH and YHVH Elohim are the FEDERAL LORD of Judah. With him is the Federal Messiah of Judah, and the Federal Judean Gods. They are one House and one Family, who have always existed and having not been created at any point in time. The Federal Gods of Judah work for the Federal Lord of Judah, and together they watch over the Houses of Judah and the Imperial, Royal, NearRoyal, and Jurisdictional Families of Judah.

There are Julio, Terevet, and Teroh, Teriniti, Yehonatan the Older, and Yehonatan the Younger, Ya'aqov and Makkassa. These are the Cousins of Moses who grew up with him in Jerusalem. The Mother of Yehonatan the Older is Lola, and Moses was young when he called her great among the Daughters of Judah. Moses loved Julio, Terevet and Teroh, and Yehonatan I so much so that they are now his Brothers, and you are liable to see them together at all times, and YHVH Elohim, anywhere in Judah and Jerusalem. Now Moses loved Yehonatan II, Ya'aqov, and Makasa so much so that he

called them his sons, and even told their father and mother, Keishotasha and Terinopesh, that forever would he watch over, educate, coach, and treat them unto immorality, that he would protect Terinopesh, who is called Pesha, the wife of Keishotasha, for him, and that he would guard Keishotasha and everything Elohim had given him even forever. Moses said, “What I have said may not be unsaid. What I have given you I will not take from you. What I have promised, you will receive. I am the Son of God.” Now Moses appointed Keishotasha, who is called Takasha, as Commander over the Sons of Judah, and Terinopesh Pesha he anointed to the Federal Mother of God, the Grand LECTOR. She is a Grand Inspector in Judah, and a member of the Sorority of God. Now Moses was steadfast with the sons of Keishotasha Takasha, and he taught Ya’aqov to be a Surgeon, Makasa to be a Lecturer of Science, Mathematics, and Genetics, and Yehonatan, the Son of Keishotasha, he taught to be Chief Medical Officer of the National Hospital in Judah. They may be seen everywhere in the State Hospital of Judah, which is in every realm in Judah, making grand rounds in the mornings, seeing their daily patients for the sixteen hours of the day, and lecturing medical students in the evenings. YHVH Elohim, the Mother of Moses, the Queen of Judah, the Sister of Moses, Takasha and Pesha, and the Mothers and Fathers of Takasha and Pesha, are always found with them wherever they go.

At the age of 4, Moses meets Proetepre La Grande. She is big and tall, Black, and glows in the dark. You will know she has the strongest and prettiest voice in all of Judah. YHVH tells Moses, this will be your wife. You will grow up together and at the age of 12, you will marry her before me as the LORD your God. Moses knew it was the truth, and at the age of 12, Moses married Proetepre before his family and ancestors, even before all of the House of Judah. It is now the annual Festival of Convocation in Judah, wherein they engage in the Blessed Sacrament of Bread and Wine, and they dance, make music, gather around the Holy Bonfire, and sing hymns unto YHVH Elohim.

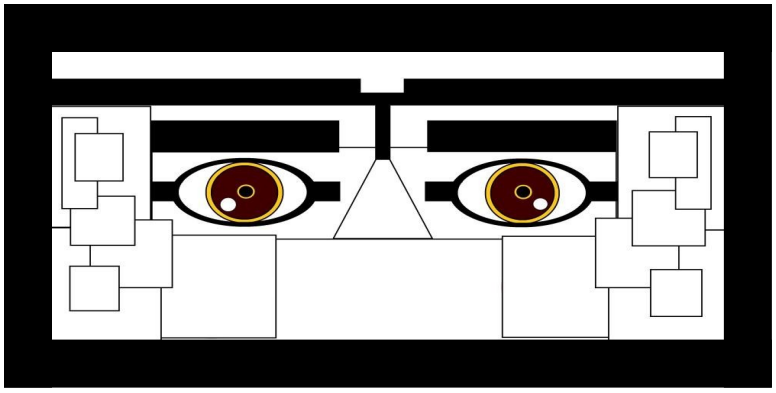
Proetepre’s Great Appointment.

You know that Proetepre is the Wife of Moses. Proetepre was 13 years old was Moses told her that she would govern with him the Council of Judah, the Council of Councils of Judah. Right as he was telling her that she would rule with him in the Council of Judah, he placed over her hair a haircovering, saying “You are a Jewish Daughter and so you shall be a Jewish Mother.” And he rubbed into her hands, wrists, and forearms Olive Oil and placed on both her hands the Elastic Black Gauntlets, and over the gauntlets he placed the TwiceElastic White Mittens. God saw that Moses was anointing and cloistering Proetepre in the regalia! God said, “I will be glorified through Proetepre!” Proetepre was wearing white, twice guilded, twice guarded and thrice guarded. She wore white knee-length socks covered over with a pair of red and green socks characteristic of the Emperor of Judah and the Queen of the Universe, when he gave her a Black Rubber EarthSpace Suit, and he put over her a Soft Black Cloak, and over it a Quilted ThriceElasticNearRigid Hooded White Coat. He also gave her a pair of googles. He gave her a Sceptre of Acacia Wood covered in Copper, Silver, and Gold, and gave her a

shining bracelet of charms, and Seven Rings of Charms and Keys, Seven, Ten, Thirteen, Fourteen, Fifteen, and Twenty or TwentyOne. Three or Four of them she would keep in her purse, and Three or Four of them Moses would keep in his Caseolei that he brought around with him. Lastly, he gave her the Ankh, the Crook and the Flail, and PONCEPOPPER of the Lord. Lastly he gave her the WizerdWetzWezzers characteristic of the Judean Grand Wizards and the Judean Imperials. He wrote that she would be a Mother,. a Mother of Judah, a Lector, a Daughter of God – a member of the Top Sorority -, and that he would be by her side forever, day by day and night by night, for any Daughter or Mother in Judah may not walk unaccompanied at night for the Sorority is guarded, and it is above the Military. Wherever the Sorority is, the Military of the State of Judah is at their periphery.

The Great Ascension.

YHVH had educated Moses since even before his birth, and he called this the Country Day School of Judah. Moses prayed to God YHVH, and she was listening, when he asked “My Lord, may I please attend school with your People who have been there with you, the Sons of God, the Daughters of Elohim, and the Judeans and the House of Judah?” And Elohim said to him, “Will you worship me forever, through the thick and the thin, and will you be steadfast with me to worship me every day, in private and even also in public?” The Messiah said to YHVH Elohim, his Mother, “As you have said, so will I do, God, the God of Gods, the LORD my God.” And Moses said further unto his Mother, the God of Gods,



“Everything I have ever done you shall know, and everything I will ever do you shall see. Your laws are numerous and numerous, difficult, and sometimes difficult of difficult, but your teachings have perfected me, and so I will be careful and painstaking not to vere in any way from your laws. In your law, even in your law of laws, shall I be perfect unto you, for your teachings and laws make me perfect, and I love your teachings and your laws as a man shall love his wife, as a dog shall love his master, and as a cat shall love her dwelling, which is sometimes on the top of a dog’s head, or on the lap of any man or woman, where they sleep and ponder. Yes, your teachings perfect me, and I shall be perfect in the law. Now this I promise you, and any promise unto the Lord God is permanent and binding as long as it is proper, that any Mother or Daughter, and any Father or Son, and even any Lion or Jackal in all the Realms of Judah, I will teach the law for your benefit. It will be sweet as honey and nourishing as milk unto their hearts, and I will walk with them even day by day and night by night, that they not vere in any way from the law. There shall be no mistakes, for I am precise, painstaking, and even perfectly precise in my practice. That is, of the trillions and trillions, even of the quadrillions of the House of Judah that there are, have been forever, and shall be, there shall not be a mistake, for the written law and the teachings and laws of the LORD actively and quite literally

perfect any living being. I have said it, and it is true. You are God and the LORD, and I am your Son." YHVH told him, "You shall study Medicine and become a Surgeon among your people." Moses said unto the Lord "My gratitude to you, Oh Lord. May I vere to the right regarding what you have just ruled?" "Speak!" said YHVH Elohim. "I shall study Medicine and become a Surgeon among my people. I will glorify you before them, and they will know you as the God of Gods and the LORD who dwells among Judah, the God of Judah, and the Great Catholic Judean Lord. Even every day I will missionize in Judah, and I will serve you in private and in public, and before you, even before your holy face, I will kneel and prostrate, and recite blessings, sanctification, and songs unto your Holy Name, YHVH. You are an awesome and perfect God. And so you shall be my God forever, and yes, even forever the God of Gods, and everforever perfection of perfection will I make you the God of any Living Being, with Me as your Messiah and Son, and you shall not be alone. Know that you shall have me with you, but also a Sorority and Athletic Team always with you even at night. It shall be like a constant party and festival that is both at day and at night, with the holy smoke and the holy incense constantly flowing from the Censors we are required to have among us. It shall smell like winter air, water and grass, summer rain, frankincense, evergreen, cinnamon, olive oil, vanilla and chocolate, and cloves, nutmeg, citron, and cucumber! But in everything I do, you shall be glorified, and any living being will know you as YHVH, the God of Gods, and the LORD, the God of Judah.

And YHVH created the State Country Day School of Judah, the State Country Club of Judah, the University and University Club of Judah, and the Gymnasium of Medicine of Judah. Moses knew that they had always existed, for YHVH is the CREATOR!!!

The National Country Day School of Judah is now also the Federal Country Day School of Judah.
The Federal Council of Judah and the Federal Council of Councils of Judah were also formed, and one council would be of Two TRILLION Judeans and one council would be of FOUR QUADRILLION Standing Members of the House of Judah, and there would be a council of Seventeen QUADRILLION Members of the House of Judah.

Moses was five years old when YHVH sent him to the Federal Country Day School of Judah, and when he was seven years old the House of Judah crowned him as King of Judah, and he said YHVH is the Queen of Judah, but the Queen of Judah is literally the Judean Grand Matriarchy, the High Sorority, and even the strong and benign Upper House of Military of Judah.

YHVH introduced Moses to the King of the Congoh, the King of Europe, the European Crown Queen, and the King of China, and Moses invited them to his home in the Northwest Section of Jerusalem. The Judean Imperial Family were there and welcomed them. They stayed the night, and the next morning the Imperials arose very early to cook breakfast for the house. Moses told his friends whom YHVH had introduced him to: Come, and follow me, to the Federal Gymnasium! There, we shall meet with the Sorority and do the service of the Blessed Sacrament and make offerings unto our God, YHVH! We shall meet with the Matchmaker, who will assign our marriage matches for us, and we shall

become married people! Let us then form the Medical Olympiad, and it shall be directly under the Sorority, and we shall study and practice Medicine and Law, and we shall watch over the House of Judah! Moses said further, Proetepre of Judah is my wife, and it was arranged even before I was born. Moses told the Queen of Europe, report to Proetepre! She is the reigning Queen of the Congolese, and you know that the Crown of Europe is subject to the Crown of Judah since forever! She will introduce us to the Son of Proetepre, who is the Judean Federal Governer and Comptroller of Europe!

Moses was more than Twenty years old when he entered the Federal Military of Judah as Surgeon General. As he entered the Military, he met the Son of Proetepre, and as he laid eyes on His Son, he named him the Nominal King of Judah, Proetepre One, for, as Moses said, “He looked like YHVH, the Father of my People.” It was written that Proetepre’s eyes were so big and brown, it would bring you back in time to the House of your Father, YHVH Elohim, the God of Gods. It would bring you to Heaven, your Beginning and End, the Afterlife. Moses kissed Proetepre seven times on his forehead, for he was one of the most adorable and lovable children he had ever seen, vowing “I will guard you, and I will teach you everything you would like to learn. One thing though, you shall be married to a Daughter of Judah, and you shall be with your wife at all times! I heard about you, continue with me to the Gymnaesium where we will play sports and games! I will make a genius of you, and we will speak in the most difficult and special language in the whole universe, the Language of God, and you even have your own dialect!

It became known even in every province of Judah that Moses loved the Son of Proetepre, and YHVH saw. God summoned Moses home, to the Mountain of Elohim in Judah, and asked him to make report regarding his love for the Son of Proetepre! Moses was honest unto his God, YHVH, saying “He is my Son!!! I would like to teach him law and medicine, and he will know you as “Mama.” But Moses continued, saying “I love him because he reminds me of you, and his eyes are big and brown like yours, and his voice is godly like yours. He is even SMART like you, and we play board games together, and catch and football. When his parents are upstairs, I parent him for them, especially teaching him how to speak positively, to believe in himself, and to love God, the Messiah, and the House of Judah, his people.” YHVH was silent unto Moses after he said this, for she knew that Moses loved the Son of Proetepre because he loved HER! Whenever Moses was seen with the Son of Proetepre, it looked like a loving and steadfast father was with his Son! It would bring you back in time, to the House of the God of the Universe!!! Moses will teach anyone anything they want to learn, even if they just met him! Thus, and it is the truth, that everyone in every province of Judah knew of Moses’ love for YHVH, because his love for YHVH could be seen and experienced by anyone who met him. But you know, anyone who meets Moses will see the FACE of GOD and then they cannot die, experience death, or even approach any door to leave the Residence of the Lord in Judah without a member of the House asking them “Where do you think you are going!”

In those days, YHVH, the God of Moses, was known in each of the Households in Judah as “Ma” or “Mama,” and Moses they called “Moshiach,” “Moses,” “Monez-Monei,” “Elohim,” and “my best friend!” But YHVH, they called, “My Mother.”

Moses was very serious when he said “Because I have met YHVH, the God of the Law, and the Mother of my People, the Blacks, and because I have met the Black LORD, YHVH, who is called Elohim, any living being shall be born within the jurisdiction and auspices of the Judean Union, which is the Black Universe. Any

living being may be born to the Mother and Father, into the House of Judah or any of its subordinate houses, but you may not die, for it is unlawful, uncommon, and literally impossible, for YHVH is God of the Universe, and even the BLACK LORD. For any living being there is life and afterlife, long life and longer afterlife, the finite and the infinite, and I can even bring people back from the dead! It's just like CPR, and its as normal as first aid.

SECTION TWO.

Now Moses was raised by the National Sorority of Judah. YHVH, the God of Judah, is the Mother of Moses, and the Queen Postcursor of Judah is Moses' sister. YHVH had been teaching Moses the traditions of the House of Judah, the Ways of God, law and order, and even medicine and magic when she created the Federal Country Day School of Judah. There was also the Hospital of the LORD in Judah, the University of Judah and the University of Jerusalem, the Military of the LORD in Judah, and the Military of God that is THE SORORITY. Moses' Father is the Commander of the Military of the State of Judah, and YHVH told Moses, at a very early age, your Wife, your Sons, and your Daughters will come from me, for I will send them to you for them to grow up with you. Moses was still a young child when he laid eyes upon Proetepre La Grande, who God called Moses to marry and be his wife. Moses was twelve years old when he married Proetepre, and he married her before his family, the Imperial House of Judah, and even before all the House of Judah. It is now a celebration in Judah: the Commemoration of Moses' Arranged Marriage to Protemperance Proetepre, who he anointed as the Queen Consort of Judah. Moses was seven years old when the Children of the House of Judah came together and said, "He shall be King over us, and his mother, YHVH the LORD, shall be Queen over us forever." Earlier in his childhood, Moses had noticed his family, the Imperial House of Judah, that they were highly educated and traditional, and that his Mother, YHVH, and the Mothers and Daughters of the Imperial House were forceful and powerful in the family, ruling justly and righteously. Moses loved his cousins Julio, Terevet and Teroh, and Teriniti, and vowed unto YHVH that wherever he would go, that his cousins would be with him, because they made him better in everything that they did, because they loved God, and because they played sports and games whenever they were together. At the same time, Moses looked across the whole House of Judah, yea, even every family in any realm of Judah, and said to YHVH, his Mother, "Glory be to God! They are FLAWLESS." And YHVH said unto him, "Yes, this is my people who have been with me forever and ever. They are known for their Love of God." Moses said to his Mother, "Your people shall be my people. Even all the days of my life, and the days of my afterlife, and even any day, I will be among my people, and my people will be with me. Forever, they are to be by my side." YHVH said to him, "It is obvious to us all, even obvious to every living being, that my will, the Holy Will of God, is within you. Now I know that whatever God says you will hear, and whatever I say, said YHVH God, you will do. Yes, I even see what is deep in your heart, that not even a single man in all of the House of Judah will die or experience death or injury. That even before you were born, it was your will to glorify me, the LORD your God, before all the House of Judah, that they walk before me righteously even forever, and that they proclaim, even silently and even loudly in the House of God in Judah, "YHVH is the LORD, and her Son is the Messiah. God is GOOD!" Moses was listening to God when he said, "Our people are flawless and Black. Therefore, every Son in the House of Judah shall be married to a Daughter of the House of

Judah. It shall be an arranged marriage, and each married couple shall bear children in the House, for I shall deliver them. Every child in the House of Judah shall be delivered in the State Hospital of Judah, the Hospital of the LORD, and they shall be delivered to their Mother and Father. The boys delivered in the Hospital shall be circumcised under topical anesthesia. And any boy or girl delivered in the Hospital shall be breastfed by their Mother immediately after they are born. The Federal Government of the State of Judah has required, and the Surgeon General of Judah has requested, that all babies, and any newborn in Judah, don a RigidElastic Spacesuit for their perpetual protection. Just after any child is born, the Physician dresses them in clothing provided freely by the State, and then dresses them in their Spacesuit that they may keep forever. Every member of the House of Judah lives in a skyscraper in a residential compound that is in walking distance to the House of God and the House of the LORD. Likewise, the Federal Government of Judah provides every Judean in Judah with seventy full-body spacesuits throughout their lifetimes, for there are seven types of spacesuit, and each Judean is given ten pairs of each type of spacesuit, for it is Law in Judah that every member of the House of Judah wear a spacesuit at all times anywhere in the Land of Judah.

CONTINUE HERE.
After the birth of any child in the Land of Judah, they are breastfed by their mother, and their delivering physician performs the neonatal medical examination for the benefit of the health of the child. Then, the group of neonatal nursing team who was with the deliverer hold the child before his mother while they speak to him and look into his eyes. There are at least ten nurses on the Neonatal Nursing Team, and each of them holds the child, speaks to him, looks at him, kisses him, and hugs him. The Deliverer informs the Mother of the Child, “It is now time for the spacesuit.” The team of nurses go behind the Mirror to retrieve the gifts and donations that the community and the state have given to the mother and her newborn child, and among them is Spacesuit One – the Neonatal Incubator Spacesuit. Now just after a child is born, the Deliverer holds him in his arms and says to him “Welcome Home, my Son.” And to a newborn girl he says “Welcome to the House of Judah, my Queen.” A nurse of the deliverance comes with towels, washcloths, and warm water to wash the newborn child before wrapping him in blankets to deliver him to his mother. After she has first breastfed the child, the Deliverer and his team deliver gifts and donations to her, and while the child is resting on his Mother’s bosom, the Team bring before the child a tincture of cinnamon, gloves, nutmeg, and peanuts, then they put a warm cloth on his head, and anoint his entire body with olive oil and milk powder. Then, the Team don the child in the long diaper, the tee shirt, the socks, the yellow, pink, and blew Onesie, and a white cap on his head. After this, the Deliverer chooses from among the neonatal colognes and perfumes and sprink them on baby’s garment. After this first service, one of the neonatal nurses sprinkles pure water on the baby’s head and face three, three, and seven times. Then they don over him the Neonatal Incubator Spacesuit – putting the pants and boots on first, then the arm and breast garment with its mittens, then the padded plexiglass space helmet. The nurses prepare a milkshake for the mother whole milk vanilla ice cream, whole milk heavy cream, olive oil, whole milk, blueberries, strawberries, mangos, and oranges. The Neonatal Choir come into the Delivery Room, perform a tuning, and then sing hymns to the Mother and her Child from the Delivery Obstetrics and Neonatal Care Tongs, Tunes, Hymns, and Songs of the Women’s and Children’s Hospital of Judah, where every child is born. They sing an hour of hymns to the Mother and the Child, even after they have fallen asleep.

When news in heard that a Mother in Judah is pregnant with child, the community brings together gifts and donations for the Mother and the Child and deliver them to the House of God of Religion, who delivers them to the Women’s and Children’s Hospital. There is a Women’s and Children’s Oasis that is connected to the Women’s and Children’s Hospital of Judah, and any pregnant mother with child may make residency there from the time of first conception, to the time of the delivery of the child, and even after the delivery of the child until the child is able to walk, speak, or read. A Woman and Child may make residency in the Oasis for at least two and three years, for no one would ask them to leave. Elohim said, “Any woman who becomes pregnant with child is HOLY unto YHVH, and from the time of your notification of the conception, you are authorized to live at my OASIS of the IMMACULATE CONCEPTION, and these are found anywhere in the Land of Judah. The most common length of residency is four years. After these four years of residency, which include four years of Nursery School at the National Hospital of Judah, the child shall enter the Federal Country Day School of Judah at the Primary

School, and proceed to the Grammar School. Along with the Primary School and the Grammar School, there are the Intermediate School, the Secondary School, and the Tertiary School. The Tertiary School includes Undergraduate, Graduate, and Postgraduate Education. Afterward, there is Further Education, Continuing Education, and more.

A Dedication.

YHVH, the Mother of God, and the Lord, the Son of God, her Messiah.
The Imperial House of Judah and the House of Judah.
Proetepre and her son, the Son of Proetepre.

Proetepre, my wife who YHVH Elohim sent to me, and who shall rule the Universe.

The Son of Proetepre, my son, with whom I am steadfast, and who I crowned the King of Judah when YHVH finished my state education and I became The Lord in Judah, whilst she is YHVH, God of Judah, and the LORD of the Universe.

The occasion of Moses' wedding to Proetepre became a state festival in the Land of Judah, and it is now celebrated every year, in every province. As Proetepre became the Wife of Moses, he told her "Now your mother and father, brothers and sisters, and everyone in your household, any of your friends, anyone you know, and anyone else you choose to be among us, shall now come to live with us in the Imperial Castle and its Compounds." He continued, saying, "You and I will be together always, even at all times, and our families together as well. It is as a party, a festival, and a constant season of festivity, for YHVH and I, and the Imperial Family are always together by law, for it is good to be with companions." He said, "You are the Queen of the Council of Judah, and at the top of the Council of Judah shall be you, YHVH and I, your mothers, sisters, and your Sorority who is together with you – your sisters who will always be with you, even with the Military of Judah at its periphery." This became known as the "Federal Sorority" and "Proetepre's Sorority" or the "League of Proetepre" in the House of Judah, for Proetepre's Sorority sits above the Ministry of Education of Judah, above the State Legislature of Judah, the Military of Judah, the State Country Club of Judah, and the GYNAESIUM. Elohim sent buses throughout the Land of Judah to bring Proetepre's friends and family to their new home on the Mountain of the Lord in Jerusalem. The news was circulated throughout Judah that the Imperatrix, which is the Sorority of Proetepre, was ascending at the Mountain of God in Judah. The Sons and Daughters of Judah came together throughout the Land, unto the House of God found in each of their cities, and planned the "Festival of Women" to be celebrated every year in Judah. On this occasion, Elohim prophesied unto YHVH, saying "Regarding the Federal Country Day School of Judah, the University of Judah, the University of Jerusalem, and the COLLEGIUM, there shall be the College, the College Union, and the League. The League is for the Daughters of Judah. Thus, there are the College and the League."
And this shall be the curriculum of the Ministry of Education of Judah: Elohim U'Ha'Moshiach, the House of Judah, Religion, Social Science, Natural Science, Mathematics, Engineering, Medicine, Law, Tradition and Culture, The Arts and Music, Athletics, Sports, and Games, Conditioning, Rest and Rehabilitation, Literature, Community, the Code and the Codex, the Mode and the Mo'eid, Agriculture, Fundamentalism, the Science of the Universe, Astronomics, and Astronautics.

There are days, weeks, months, years, and years of years. There are seconds, minutes, and hours. One second is the length of time required to recite a compound of four, five, or six syllables. Elohim defined that the minute is sixty-four seconds long, that the hour is sixty-four minutes long, and that the day is thirty-two or sixty-four hours long, but most commonly thirty-two hours long. Thus, the day is

commonly thirty-two hours long. Moreover, the week is eight days, sixteen days, or seventeen days long, the month is thirty-two days, sixty-four days, one hundred twenty-eight days, two hundred fifty-six days, five hundred twelve days long, or one thousand twenty-four days long, and the year is sixteen months, thirty-two months, sixty-four months, one hundred twenty-eight months, or two hundred fifty-six months. Elohim began to define The Calendar of Judah, or PROETEPRE'S Calendar.

Thus:

YHVH Elohim:

"Moshiach, Elohim, please create a model for a cubic volumetric section of the Universe. Likewise, parameterize the Universe, even in its infinity, as a UNIX MATRIX VOLUMETRIC CUBE with SIDELENGTH of ONE THOUSAND QUINTILLION KILOMETERS. A SMALLER CUBE has a SIDELENGTH of ONE THOUSAND QUADRILLION KILOMETERS, and a SMALLER CUBE has a SIDELENGTH of ONE THOUSAND TRILLION KILOMETERS."

"You will find the following:

One. "OUTER" SPACE.
SIDELENGTH ONE THOUSAND QUINTILLION KILOMETERS.

Two. "OUTER" SPACE.
SIDELENGTH ONE THOUSAND QUADRILLION KILOMETERS.

Three. INTERMEDIATE SPACE.
SIDELENGTH ONE THOUSAND TRILLION KILOMETERS.

Four. The LOCAL UNIVERSE.
SIDELENGTH ONE THOUSAND BILLION KILOMETERS."

"Write the CHARACTERISTICS of OUR HOLY CHARIOT, THE CHARIOT OF CHARIOTS."

Moses responded: "The CHARIOT of GOD is the CHARIOT OF YHVH AND MOSHIACH. It is a CHARIOT of CHARIOTS. It is said that there are THREE TRILLION, or TWO HUNDRED FIFTY TRILLION SPACESHIPS of the CHARIOT, but they are not the same size or the same shape.

The average spaceship is a cross between a CYLINDER, an ELLIPSE, a CUBE, and a PARALLELOGRAM that is longer in width than it is in height, as it travels far distances at a very high speed. It is the fastest spaceship possible in the entire Universe.

These are the lengths of the spaceships of the chariot. One is ONE THOUSAND METERS LONG, another is TWO THOUSAND METERS LONG, another is FOUR THOUSAND METERS LONG, another is FIVE THOUSAND METERS LONG, and another is TEN THOUSAND METERS LONG. Each SPACESHIP is ONE QUARTER as TALL as it is WIDE, EXCEPT for THE MOTHERSHIP which is approximately ONE THOUSAND METERS TALL.

The CHARIOT is comprised of at least 1,570,000 SPACESHIPS, or TWO MILLION SPACESHIPS, including ONE MILLION MOTHERSHIPS, for ELOHIM said "PROETEPRE'S FORCE SHALL COVER THE SKIES AND FILL THE GALAXY!" "IT IS PROETEPRE ONE POWER FORCE – THE LORD."

Moshiach said unto YHVH:

The SUN is at least 1,200,000 KILOMETERS IN DIAMETER, or ONE BILLION METERS IN DIAMETER, but may exceed TWO BILLION or FIVE BILLION METERS IN DIAMETER. The THEORETICAL DIAMETER OF THE SOLAR SYSTEM MAY BE FIFTY TRILLION KILOMETERS, or FIFTY QUADRILLION METERS in DIAMETER. This is the DIAMETER of FIVE MILLION SUNS. You may also ESTIMATE the DIAMETER of the SOLAR SYSTEM as THREE MILLION SUN-DIAMETERS.

The PRODUCT of ONE MILLION and ONE BILLION is ONE QUADRILLION.

THESE are the MININUM DIAMETER of the SUN:

ONE BILLION METERS.
ONE and A HALF BILLION METERS.
TWO BILLION METERS.
FIVE BILLION METERS.

The SPACESHIPS of the CHARIOT may travel at THESE SPEEDS:

ONE MILLION METERS PER HOUR.
ONE THOUSAND KILOMETERS PER HOUR.
ONE MILLION KILOMETERS PER HOUR.
ONE BILLION METERS PER HOUR.
ONE BILLION KILOMETERS PER HOUR.
ONE TRILLION METERS PER HOUR.

The SPACESHIPS of the CHARIOT may accelerate INSTANTANEOUSLY.

If the DIAMETER of the SOLAR SYSTEM is TWO MILLION SUN-DIAMETERS, then there must be a SURROUNDING DIAMETER of SPACE of at least ONE BILLION TIMES the DIAMETER of the SOLAR SYSTEM.

The PRODUCT of ONE BILLION and TWO MILLION and ONE BILLION METERS is TWO QUADRILLION and ONE BILLION METERS, or TWO QUADRILLION and ONE MILLION KILOMETERS.

YHVH said unto the Messiah:

“The Universe is smaller than you think! The NEAREAST STAR to OUR SUN may be a DISTANCE of ONE QUADRILLION product ONE THOUSAND KILOMETERS, or ONE QUINTILLION KILOMETERS. It may even be less. You shall consider a MINIMUM DISTANCE to the NEAREST STAR of TWO HOURS travel, or FOUR HOURS, or EIGHT HOURS, or SIXTEEN HOURS, or THIRTY TWO HOURS travel.

The Messiah said unto YHVH, his Mother, saying,
“What you have said is MOST POSITIVE! In Jerusalem, we travel so fast by ground vehicle that we estimate distances between locations in terms of minutes or hours, rather than in terms of meters and kilometers. Thus, it is better to estimate distances between cities, between planets, and between stars in terms of minutes or hours.

They are discussing Moses' Marriage to PROETEPRE, and how he brought her friends and family, and everything they owned, to the HOUSE of ELOHIM in JERUSALEM, to live with him and YHVH.
Meanwhile, the Daughters of Judah are inside the HOUSE of MEETING communing, knitting, and studying mechanical engineering, electrical engineering, computer engineering, and biomedical engineering under Vice Proetepre, Her Majesty.
The Sons of Judah come to a decision, that since Elohim and Proetepre had formed the IMPERATRIX government in Jerusalem, with Proetepre's Sorority seated above the University of Judah and the University of Jerusalem, the State Legislature of Judah, the Supreme Court of Judah, the Military of Judah, the State Country Club of Judah, and the Gymnaesium, which is with the House of God of Religion and the House of Education, that in every City, County, State, and Province in Judah should have the IMPERATRIX, but this is the EMPERATRIX, as its government, saying any Mother or Daughter of the House of Judah shall be a MEMBER of the EMPERATRIX, and any Father or Son of the House of Judah shall be a MEMBER of the PERIMATRIX. Additionally, the EMPERATRIX shall be led by PRIESTESS and HIGH PRIESTESS, and the PERIMATRIX shall be led by ARCHBISHOP and BISHOP. Additionally there shall be a PERIMETER and a TWIXATRIXT, a TRIXTWIXT, and a METERPERA, and the PRIESTESS and HIGH PRIESTESS, and the BISHOP and ARCHBISHOP are MEMBERS of the TWIXATRIXT, the PERIMETER, the TRIXTWIXT, and the METERPERA. The GOVERNMENT is and

shall be UNDIVIDED, with one cause, one goal, and one motto: “YHVH is the LORD. The MESSIAH is the LORD. PROETEPRE ONE is GOD. PROETEPRE is the Lord. Honor thy Father and thy Mother, and you shall Honor the House of Judah. YHVH is GOD! YHVH is GOD of JUDAH.” The Sons of Judah were smoking marijuana, the holy green plant, rolled in tobacco leaf, drinking Hennessy, reciting verses of the WORD of the LORD, and prophesying regarding Elohim, Proetepre and Proetepre One, and YHVH, and the future of the House of Judah, saying “As YHVH ELOHIM has been with us forever, even living among us since before time, we will be with YHVH ELOHIM and the MESSIAH, even forever, twice and forever, and twiceforever!” when Vice Proetepre and her Clique came to them from the House of Meeting. A COMMANDER was among them, and he said, “ORDER!” and each of the Sons of Judah who were playing catch on the Basketball Court marched into formation with their hands clenched at their sides, for the Sons of the House of Judah honor the Daughters of the House of Judah as having come from God. They know that a Mother may give birth to a son or a daughter, but that a father may not give birth in any way, and that this is the way of nature and the way of God. The Daughters of Judah saw the Son in Formation when they accordingly marched into formation, and Vice Proetepre, High Proetepre One, and Grand Vice Proetepre gave the SALUTE to YHVH, the SALUTE of the DAUGHTERS of the HOUSE of JUDAH, and the Sons of Judah, led by the Ground Force Commander of the Son of Proetepre, gave the responding salute. They returned to rest, and proclaimed “BLACK POWER!” when the Ground Force Commander held out his hand unto Vice Proetepre and held her hand, assisting her to the Celebration as the Sons sat on the grass adjacent to the basketball court. He reported unto Vice Proetepre and the Mothers of the House of Judah what the Sons of Judah had decided, and Vice Proetepre was glad when she said “We must go to Moses! For this should be National Law!!!” So the Sons and Daughters of Judah made pilgrimage to Jerusalem when PROTEMPERANCE PROETEPRE saw them from her mountain, and retrieved them unto the Chariot of God, the Chariot of Chariots, and took them to the Mountain of Elohim of Jerusalem to meet Moses, who had heard of their pilgrimage, their meeting, and even what they had ruled in council regarding the entire Land of Judah. As they marched up the steps of the Castle of Elohim and YHVH, Moses and YHVH Elohim were standing side by side. As he saw the group, he met eyes with Vice Proetepre and Ground Force Proetepre One, and nodded his head, for as they had wished, so had ELOHIM made law throughout the Land of Judah. YHVH Elohim said unto Moses, “Write a proclamation to be heard throughout the realms of Judah, for your Daughter, Proetepre, to read on the Eve of the next Sabbath, which is two days and one night from now. When you have finished writing this proclamation, you shall report to me and we will sit in conference together, and Vice Proetepre and her Clique who have come to us shall sit in council with us to prepare for the National Proclamation. You shall finish the writing by sundown, when you report to me and this council at supper.” “Elohim, Moses, said unto YHVH: As you have commanded, so shall I do!” As YHVH, and Vice Proetepre and COUNCIL PROETEPRE ONE, reclined and made celebration, Moses began to write:

> “It is Law in Judah.
> There is the IMPERATRIX, the EMPERATRIX, the FIRST PERIMETER, and the PERIMATRIX, the TWIXATRIX, the TRIXTWIXT, and the METERPERA, and the SECOND PERIMETER, and the THIRD PERIMETER, and TRIXTWIXT TWO.

Thus, there is:
IMPERATRIX,
EMPERATRIX,
PERIMETER ONE,
PERIMATRIX,
TWIXATRIX and TRIXTWIXT,
METERPERA,
PERIMETER TWO,
PERIMETER THREE,
TRIXTWIXT TWO,
PERIMETERPERA,
TRIXTWIXTPERI, and the PERIMETERPERA,
METOPERI, and METUPERAH.

Now the IMPERATRIX shall dwell above the House of Education, the Supreme Court of Judah, the Hospital of God in Judah, and the Women's and Children's Hospital of Judah, the Hospital of Creation. In every city in Judah, there shall be a Municipal Court. There is the Municipal Court, the District Court, the Circuit Court, the Appellate Courts, the Supreme Courts of each province, the Imperial Supreme Court of the land, and the Superior Court of the Land of Judah that is at Jerusalem, and the Court of the LORD, the COURT of ELOHIM. In every City, there are Districts. And every province shall have a Provincial Supreme Court, which shall report to the National Courts of Appeal, and the Supreme Court may send any case to the Court of Appeals for any reason. In every city there is a Caliph, and in every county there is a Sheriff. The Sheriff and the Caliph shall watch over the PERIMETER, and shall watch over each of the families of the houses of Judah, reporting to the Mother and Father of any household on the Eve of each Sabbath, and reporting to VICE PROETEPRE and VICE PROETEPRE ONE before sundown on each Sabbath. It is the POLITICAL GROUND FORCE of CROWN PRINCE PROETEPRE and PROETEPRE ONE on MOUNT. Now, each district court shall report to a court of appeals, and each court of appeals shall report to the same Supreme Court. Every city has city districts, and each city district shall have one district court and one circuit court. Each province has its own Provincial Supreme Court, a Provincial Court of Final Appeal, and each province has one Seat of Jurisprudence and Jurisdiction on the IMPERIAL SUPREME COURT, and one Seat of Jurisdiction and Jurisprudence on the NATIONAL COURT of FINAL APPEAL, for there is a Provincial Supreme Court, and a Provincial Court of Final Appeal, and a District Court of Appeals and a Circuit Court for each district in a city, and a Municipal Court as the Municipal Seat of the COURT of THE LORD. Any case may begin process in the Municipal Court of the Court of the LORD of Judah, but no case may begin process in any district court, circuit court, any court of appeal, or any Supreme Court. The National Supreme Court has two seats of Judgement for each province, one in its lower house to represent a Provincial Supreme Court, and one in its upper house to represent the residents

of a province of Judah before Elohim. The National Court of Final Appeal also has two seats of judgement for each province, one in its lower house for each Provincial Court of Final Appeal, and the Provincial Court of Final Appeal has one seat for each District Court of Appeal, and one in its upper house to defend the residents of each province, while the District Court of Appeal of each city district in each city defends the residents of any city. Thus, there is the Municipal Court of each city, the District Court of each city district in each city, a Circuit Court in each district of each city in Judah, the District Court of Appeals of each city district of each city, the Provincial Court of Final Appeal of each province in Judah, the Provincial Supreme Court of each province, and the Imperial Supreme Court comprised of the Supreme Courts of each province, the National Court of Final Appeal comprised of the Provincial Courts of Final Appeal, which are each comprised of the District Courts of Appeal of each district in each city, and the Superior Court of the Land of Judah.

There are:

The Municipal Court.
The Probate Court.
The District Court.
The Circuit Court.
The District Court of Appeals.
The Provincial Court of Final Appeal.
The Provincial Supreme Court.
The National Court of Appeals.
The National Court of Final Appeal.
The Imperial Supreme Court.
The Superior Court.
The Court of the Lord.

There is the Perfect Temple, the Provincial Temples, the Temple, the Cathedral, the Parish Church, the Monastic Churches, and the Episcopal Church. For every two million members of the House of Judah, there is one house of meeting. For every two billion members of the House of Judah, there is one Temple. For every province in the Land of Judah, there shall be twelve (12) Temples of Elohim, and for every province in the Land of Judah there is one Perfect Temple. The Temple Mount, and there are twelve (12) Temple Mounts in every province in Judah, is at least two square kilometers, and the total area of the Temple Mount – the Temple Mount Area – shall be four square kilometers. For every two thousand (2000) members of the House of Judah, there is one colloquium that is part of the House of Education of Judah. There is the National Hospital of Judah, and for every two million members of the House of Judah, there is one State Hospital of Judah. A city in the Land of Judah is ten thousand (10000) square kilometers. For every two million members of the House of Judah, there are two square kilometers in the City that may not be built upon. A city in Judah may not have more than two billion residents, so that the character of the City, the Province, and the State, remain

rural, quiet, and natural. Thus, one thousand square kilometers of land in each city in Judah may not be built upon. The Downtown of each city in the Land of Judah must have a population density of at least two million people per square kilometer. Likewise, Elohim theorized a residential compound that may house two hundred million residents on two square kilometers in Judah. Thus, the majority of the members of the House of Judah in one city may be housed on no more than ten-percent (10%) of the land in Judah. That is, no more than one thousand (1000) square kilometers of land in any city in the Land of Judah may be zoned for residences. Moreover, Elohim theorized that half of the land in any city in the Land of Judah, and half of the land of any province in the Land of Judah, be reserved as the National Forest of Judah. That is, that fifty-percent (50%) of the land in any city, and in any province, shall be reserved as the NATIONAL FOREST of JUDAH. The National Forest of Judah shall be HOLY. It shall be a sanctuary for any living beings, but the majority of the members of the House of Judah may not recreationally visit the National Forest unaccompanied, with the exception of YHVH ELOHIM, Proetepre and Proetepre One, Proetepre's Ground Force, and the Ground Force of the Son of Proetepre. The MINISTRY of FORESTRY, the MINISTRY of ENVIRONMENTAL PROTECTION, the MINISTRY of SCIENCE, and the MINISTRY of DEFENSE, shall be members of the NATIONAL FOREST SOCIETY, that shall be charged with the protection, maintenance, service, and staffing of the National Forest of Judah. Thus saith the LORD, "No less than fifty-percent of the land in any city, and in any province, shall be reserved as the National Forest of Judah. Our expectation is that seventy-five percent (75%), or three-quarters, of the land in any city, and in any province, be reserved as the National Forest of Judah. It is Holy. It is the dominion of YHVH Elohim, the Messiah, Proetepre, Proetepre's Sorority, and Proetepre One. It is the Land of God." If you are found in the National Forest of Judah unaccompanied, or if you are found there during any time or season during which the Forest is closed or reserved, I will not penalize you if you were in the Forest unintentionally. If you were in the Forest during any time or season during which it was closed or reserved, you shall make confession before Members of the House of Judah, and you shall make penance for my sake, for the sake of the House of Judah, for the sake of the Forest, and for the sake of the Land.

The National Forest is Holy on the Sabbath, Holy on the Day of Women, Holy on the Day of Medicine, and Holy on the Day of Jurisprudence and Jurisdiction. It is Holy before, during, and just after sunrise, at midday, and before, during, and after sunset, and it is Holy at night. It is holier at midday than at night, and holier at night than at sunrise. It is holy at sunset, and most holy at the sunset on the Eve of the Sabbath, and most holy during the Sabbath on any Sabbath. Elohim may rule the Forest Holy at any time, and for any reason. The Forest shall be the Forest of YHVH, the Forest of Elohim, and Proetepre's Land.

Any religion practiced in the Land of Judah, and any religion practiced in the entire Universe, shall be a Religion of YHVH U'Moshe. Any religion shall be completely positive in any way, monotheistic – acknowledging YHVH as God and Moses as the Messiah of God, who comes in the Name of the LORD –, verifiable by science, and any religion must acknowledge YHVH as the God of Life, Moses as the Messiah of Judah, that life consists of life and the afterlife, that life and the living being are Holy, and that eternal life, immortality, Heaven and the Afterlife, the Land of Judah, the State of Judah, and the House of Judah, the Universe, and every living being in the Universe, are essential to Life. Religion is for Life, the House of Judah, YHVH and the Messiah, and it is for every living being in the Universe. There are at least sixteen (16) religions authorized to be practiced in the Universe, and in the Land of Judah, by YHVH ELOHIM. Any authorized religion shall hold the Code of the Universe – the Word of God – as holy. YHVH is the God of the Universe, and the Messiah is the LORD. The Word of Elohim is Holy. Any violation of the Law of the Universe is punishable in the Land of Judah. YHVH Elohim, Proetepre, and the Son of Proetepre, are above the law forever. The LORD shall remain perfect, and any living being, and any member of the House of Judah, is responsible to keep the Law, and to keep the LORD perfect. Any intentional violation of the Sabbath, and any intentional violation of the covenant of the House of Judah, and the covenant of the Universe, is punishable by death. The Death Penalty shall not commonly be seen in the Land of Judah, and in the entire Universe, for YHVH is the God of Life, and the Messiah is the LORD, and death may not sojourn with them. Positivity is the Law of the Land, and the Law of the Universe. It is the Law of Nature, the Law of Life, the Law of the Living Being, the Law of the Land of Judah, the Law of the House of Judah, and the Law of the Universe.

There are:

The Municipal Court. The One and Grand Municipal Court.

The Probate Court. The Imperial Court of Inspection, Investigation, and Research.

The District Court. The Grand District Court.

The Circuit Court. The Grand Circuit Court. The Court of General Jurisdiction.

The District Court of Appeals. The Grand District Appellate Court.

The Provincial Court of Final Appeal. The One and Great Appellate Court.

The Provincial Supreme Court. The Supreme Court of Judah.

The National Court of Appeals. The One and Federal Appellate Court.

The National Court of Final Appeal. The High Court of Final Appeal.

The Imperial Supreme Court. The Supreme Court. The First Superior Court.

The Superior Court. The Court of YHVH V'ELOHIM.
The Court of the Lord. The COURT of YHVH ELOHIM.

THE MUNICIPAL COURT.

Elohim theorized that any city in Judah have an approximate population of one billion residents or two billion residents. For a population of one billion residents, there is a certain quantity of groups of two million! The quantity is five hundred (500) groups of two million constituting a population of one billion. Likewise, the quantity is one thousand (1000) groups of two million constituting a population of two billion. The Municipal Court is the Court of First Jurisdiction, where any case is first processed. Any member of the House of Judah may make case application with the Attorney General of Judah for the case to be heard in the Municipal Court by a Magistrate. To represent a population of two billion, there shall be at least one thousand and twenty four (1024) municipal magistrates, and because a population of two billion is twice a population of one billion, there shall also be at least five hundred and twelve (512) municipal magistrates. Therefore, there are at least one thousand five hundred and thirty six (1536) municipal magistrates for the representation of two billion members of the House of Judah, and a population of one billion members of the House of Judah also has representation by at least 1536 municipal judges. Now a population of a city of one billion or two billion residents is represented by at least 1536 municipal judges on the Municipal Court in any city in Judah. The Municipal Court shall be led by one Municipal Grand Magistrate and one Municipal Great Grand Magistrate, who are Vice Proetepre and Grand Vice Proetepre, or PROETEPRE and PROETEPRE ONE.

Now begins a description and discussion of general jurisprudence and jurisdiction in the Land of Judah.

A member of the House of Judah may apply at the Receptionist of the Grand Appellate Court, the Grand District Court of Appeals, or the District Court of Appeals of a district in a city, for a case to be reviewed by the Court of Appeals of Judah. These cases may originate from the District Court, the Circuit Court, or the Provincial Supreme Court. Any judgement delivered by a Provincial Supreme Court, or by the Federal Supreme Court, holds precedent, and the Court of Appeals acknowledges and upholds the precedent of the Supreme Courts and the Superior Court during the entire process of appellate case review. Supreme Court Opinion and Precedence is recorded and registered in OPINION and PRECEDENT of the COURT in JUDAH, or OPINION and PRECEDENCE.

THE SUPREME COURT.

Any province in the Land of Judah has a Supreme Court of the Province. The summation of the provincial Supreme Courts in Judah constitute the Grand Supreme Court of the Land of Judah. Thus, there is the Provincial Supreme Court and the Federal and State Supreme Court of the Land of Judah. There is also the SUPERIOR COURT in JUDAH, which is also known as the Supreme and Superior Court. The Federal Supreme Court may choose to table a discussion and send a case back to a Provincial Court of Final Appeal, a District Court of Appeals, or to the Federal Court of Final Appeal, which sits near the Federal Supreme Court, and deliver a nonjudgement nor a judgement of case nonvalidity.

The Supreme Court, the Superior and Supreme Court, and the Superior Court are the Court of First Jurisdiction and Final Jurisdiction.

Thus saith The LORD, there is a GROUP of TWO TRILLION and a GROUP of FOUR QUADRILLION. The GROUP of FOUR QUADRILLION is comprised of TWO THOUSAND GROUPS of TWO TRILLION. There are TWO basic UNITS. The UNID UNIX and the GRAND UNID UNIX. The UNID UNIX is TWO MILLION members of the House of Judah, and the GRAND UNID UNIX is TWO BILLION members of the House of Judah. The GRAND UNID UNIX is comprised of ONE THOUSAND UNID UNICES. Therefore, TWO TRILLION members of the House of Judah constitute ONE THOUSAND GRAND UNID UNICES, and FOUR QUADRILLION members of the House of Judah constitute TWO THOUSAND GROUPS of TWO TRILLION, or TWO THOUSAND TIMES ONE THOUSAND GRAND UNID UNICES, or TWO MILLION GRAND UNID UNICES. Now you know that a GROUP of FOUR QUADRILLION is constituted by TWO MILLION TIMES TWO BILLION members of the House of Judah.

A city in Judah, and any city is found in a province, has one billion or two billion citizens. Thus, the GROUP of FOUR QUADRILLION constitutes FOUR MILLION or TWO MILLION GRAND UNID UNICES.

(4,000,000) = (2,000,000)(2).
(2,000,000) = (2,000,000)(1).
(4,000,000).
(2,000,000). (4,000,000 + 2,000,000) = (6,000,000).
(6,000,000)(2) = (12,000,000).
(12,000,000) = (4,000,000)(3).
(12,000,000) = (2,000,000)(6).

For every city of two billion citizens, there are two cities of one billion citizens. If a province has an area of 20,000 SQUARE KILOMETERS (SQRKMs), a city may have an area of 5,000 SQRKMs.

(1,000,000,000)/(2,100,000). 476 SQRKM.
(2,000,000,000)/(2,100,000). 952 SQRKM.

The POPULATION of a CITY shall be CALLED the QUORUM, and the CENTRAL RESIDENTIAL NEIGHBORHOOD of a CITY shall be CALLED the CORE. The CORE

of a CITY of ONE BILLION citizens may be FIVE HUNDRED (500) SQRKMs, and the CORE of a CITY of TWO BILLION citizens may be ONE THOUSAND (1000) SQRKMs. The OVERCORE of the CITY with CORE of AREA FIVE HUNDRED SQRKMs is ONE THOUSAND (1000) SQRKMs, and the OVERCORE of the CITY with CORE of AREA ONE THOUSAND (1000) SQRKMs is TWO THOUSAND (2000) SQRKMs. We make use of the OVERCORE in most planning. The OVERCORE of AREA ONE THOUSAND (1000) SQRKMs and the OVERCORE of AREA TWO THOUSAND (2000) SQRKMs shall correspond to a CITY AREA of TEN THOUSAND (10000) SQRKM and TWENTY THOUSAND (20000) SQRKM, respectively. Thus, there are PROVINCES, CITIES, PROVINCE-CITIES, and CITY-PROVINCES. YHVH says, “What about PROVINCIAL CITIES, or the PROVINCIAL CITY, or the PROVINCE of the CITY?” Elohim responds unto YHVH ELOHIM, “It is good. I will study these as well, and at first sight they seem close in nature to the PROVINCE-CITY, and somewhat to the CITY-PROVINCE. Let us make use of “The PROVINCE of the CITY!” YHVH responded, “It is good.” Elohim continues: YHVH said that fifty percent to seventy five percent of the city area of any city shall be the NATIONAL FOREST of JUDAH, or the NATIONAL FOREST, or the FOREST, or PROETEPRELAND. Therefore, seventy five percent of the CITY AREA of the CITY of TWENTY THOUSAND (20000) SQRKM, or at least FIFTEEN THOUSAND (15000) SQRKM, shall be the NATIONAL FOREST of JUDAH, and fifty percent of the CITY of TEN THOUSAND (10000) SQRKM, or at least FIVE THOUSAND (5000) SQRKM, shall constitute the NATIONAL FOREST of JUDAH.

If the FOUR QUADRILLION constitute TWO MILLION GRAND UNID UNICES, then there shall be at least TWO MILLION PROVINCES of JUDAH, and PROVINCES of the STATE of JUDAH. Elohim theorized that there might be 2,097,152 Provinces of Judah, and 1,048,576 FEMALE NAMES and another 1,048,576 MALE NAMES. YHVH said that the Provinces of Judah may have names that are also the NAMES of the MEMBERS of the HOUSE of JUDAH. 1,048,576 is the quantity (16)(16)(16)(16)(16), and 2,097,152 is the quantity (2)(16)(16)(16)(16)(16). Thus, FEMALE NAMES shall be HIGHER than MALE NAMES, and of FEMALE and MALE names there shall be AT LEAST 2,097,152 NAMES.

The LAWS of the MOTHER and the FATHER.

A mother may be alone with her children, but a father may not be with the children of his wife unless she is there to accompany him.
A husband may not leave his wife. A husband may not even venture one hundred (100) meters from his wife without her permission, for it is Law in the Universe that husband may not be found far from his wife, he must accompany her at all times.
What is between a husband and wife will be between them forever, for a husband and wife make a child, and the child is the continuance of their legacy. Husband may not even divorce his wife, and any case regarding divorce of a woman shall not be heard in the Municipal Court, for divorce is unnatural. A man may love a woman even before he meets his wife. Marriage is provided even before birth, for arranged marriage is holy. He can notice the female form from afar, even from one thousand meters away, and between them is love at first sight. Their love is immortal, grows day by day, and everlasting. Their love is forever. The love of a husband wife is forever.
Marriage, childbirth, and parenthood are the dominion and jurisdiction of the Mother. For the mother is the parent who holds the child, gives birth, and breastfeeds her child.
A Mother and a Daughter of Judah may not be charged with a crime, for a Mother and a Daughter are Holy. The Woman is Holy. Any Father or Son in Judah shall acknowledge the Mother and Daughter of Judah as Holy.

The PROVINCES of JUDAH. The PROVINCES of the STATE of JUDAH.

There are AT LEAST 2,097,152, or TWO MILLION, PROVINCES of JUDAH.

There are CITIES of ONE BILLION citizens and CITIES of TWO BILLION citizens.

CITIES of ONE BILLION citizens have an AREA of TEN THOUSAND (10000) SQRKM.

CITIES of TWO BILLION citizens have an AREA of TWENTY THOUSAND (20000) SQRKM.

For every CITY of TWO BILLION citizens, there are TWO CITIES of ONE BILLION citizens.

Thus, there may be 1,048,576 CITIES of TWO BILLION citizens, and 2,097,152 CITIES of ONE BILLION citizens. The TOTAL LAND AREA of the CITIES of TWO BILLION citizens is (1,048,576)(20,000 SQRKM) = 20,971,520,000 SQRKM, or TWENTY BILLION SQUARE KILOMETERS. The TOTAL LAND AREA of the CITIES of ONE BILLION citizens is (2,097,152)(10,000 SQRKM) = (20,971,520,000) SQRKM, or TWENTY BILLION SQUARE KILOMETERS. The TOTAL LAND AREA of CITIES of ONE BILLION citizens plus the TOTAL LAND AREA of CITIES of TWO BILLION citizens is TWENTY BILLION SQUARE KILOMETERS PLUS TWENTY BILLION SQUARE KILOMETERS, or FOURTY BILLION SQUARE KILOMETERS, or 41,943,040,000 SQRKM. Cities of one billion citizens and cities of two billion citizens differ in that cities of one billion citizens have an area of ten thousand (10000) square kilometers, and five thousand (5000) square kilometers are the National Forest of Judah, and cities of two billion citizens have an area of twenty thousand (20000) square kilometers, and 15,000 square kilometers are the National Forest of Judah. Cities of one billion citizens have a CORE of 476 square kilometers and cities of two billion citizens have a CORE of 952 square kilometers, and cities of one billion citizens have an OVERCORE of one thousand (1000) square kilometers and cities of two billion citizens have an OVERCORE of two thousand (2000) square kilometers. Thus the TOTAL THEORETICAL LAND AREA is the TOTAL LAND AREA of the CITIES of ONE BILLION PLUS the TOTAL LAND AREA of the CITIES of TWO BILLION: TWENTY BILLION SQUARE

KILOMETERS PLUS TWENTY BILLION SQUARE KILOMETERS, equaling FOURTY BILLION SQUARE KILOMETERS, or 62,914,560,000 SQRKM.

(41,943,040,000)/(1,048,576) = 40,000 SQRKM. CITIES ONE BILLION.

(41,943,040,000)/(2,097,152) = 20,000 SQRKM. CITIES TWO BILLION.

40,000 SQRKM + 20,000 SQRKM = 60,000 SQRKM.

(60,000 SQRKM)/(3) = 20,000 SQRKM.

Thus, the AVERAGE LAND AREA of any PROVINCE in JUDAH is 20,000 SQRKM, which is the same land area as the CITY of TWO BILLION citizens.

1,048,576 CITIES of TWO BILLION citizens.

2,097,152 CITIES of ONE BILLION citizens.

FIRST ATTEMPT CORRECT!!!

Any PLANET may have a MAXIMUM POPULATION of ONE TRILLION citizens. Thus, FOUR QUADRILLION MEMBERS of the HOUSE of JUDAH may reside on a MINIMUM of FOUR THOUSAND (4000) PLANETS. But for a MINIMUM of 2,097,152 PROVINCES of JUDAH, PROVINCES of the STATE of JUDAH, there should be a MINIMUM of 2,097,152 PLANETS NEIGHBORING the CAPITOL PLANET (YHVH ELOHIM: “Aye!!!” ELOHIM: “Adonai Elohim.”), but there may be at least 4096 PLANETS in the CLOSE NEIGHBORHOOD of the CAPITOL PLANET.

(4096 Planets)/(2,097,152 Planets) = 0.001953125 = 0.1953125 PERCENT.

Thus, the 4096 CLOSE NEIGHBORING PLANETS are only approximately 0.20 percent (0.20%) of the TOTAL NUMBER of PLANETS in the FUNDAMENTAL REALMS of JUDAH.

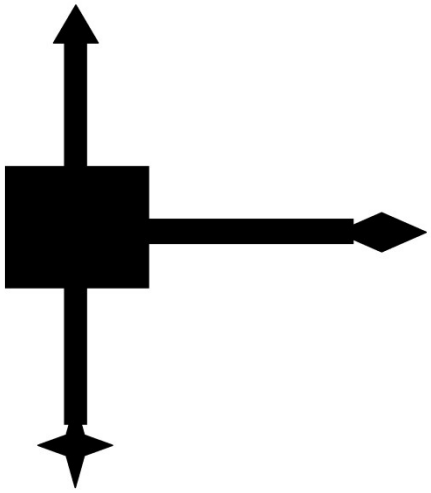
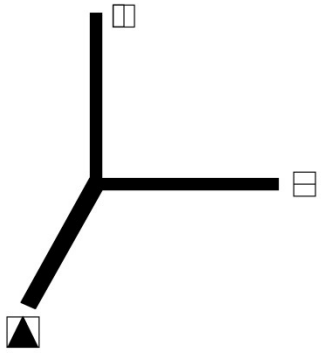
Thus said ELOHIM unto PROTENCE PROTEMPERANCE PROETEPRE: You are most fine and stunning of the Mothers and Daughters of the House of Judah. You shall be one of the tallest of the Members of the House of Judah. You shall wear long dreadlocks that shall be at least one meter long. Your dreadlocks shall be marvelous, soft, well hydrated with Olive Oil and Coconut Oil, and Castor Oil and Almond Oil, and Water, and they shall be dense and weighty, and flowing. You shall have a scepter of copper, silver, and gold, and it shall strengthen you day by day. You shall have a secretary, a general assistant, a hairdresser, a chef, your own band, and your own orchestra, your own musical composer, and your own biographer who has loved you forever. You have your own family, and you and I have our own peoples: an older people, a younger people, a major people, and a great people. We have our own people, and we will rule forever and forever in the Universe, in the House of Judah, and in the Land of Judah, forever and forever. Our people are diverse, encompassing all shades of brown, black, red, and yellow, but we are a colored people, so among us there is no division, no conflict, no strife, no discrimination, no dishonor, and we love deeply, and our love is immortal and everlasting. Our people is the most populous, most fine, most intelligent, most educated, most cultured and ordered, most strong, most loving and most loving of YHVH and Elohim, and most immortal and everlasting, even in the whole Universe. You, I, and our Court, Government, and Council shall rule the Universe forever, and it shall be the House of Judah, the Great Black and Holy Empire. It is the Kingdom of God, the Kingdom of YHVH and Moses, who are YHVH Elohim and Elohim, the Kingdom of Elohim, who is the Great Black God, and the Kingdom of Proetepre and Proetepre One, the Empire of Proetepre and the Empire of Proetepre One, and Proetepre’s Land or Proetepreland. Our people are majority

tall, but they encompass many heights, and they are big and they encompass many sizes. There shall be meditation, breakfast, prayer meetings, church, lectures and discussions, readings of the law, exercise, swimming, nature time, lunch, quiet meditation, recreation and recreational work, education and education refinement, creative work and the work of creation, parties, dinners, and dinner, and evening exercise, rehabilitation, and sleep, and we shall drink water everyday, and we shall be in the Sun everyday, and we shall exercise and rest, and read and learn, everyday. We shall live close together, for our people are together for eternity, for your good and for the good of the people, for the good of the Universe, and for the good of the LORD, who lives and dwells among us. We are together for eternity, and we shall worship the LORD, be righteous and good, and love each other, love and be with our family, and love and be with our people, and love the Lions and Wolves, and the Marsupials and the Birds, and the other living beings who live among us, and we shall have good fun, and eat good food, and grow plants and crops, and wear dazzling clothing and spacesuits, and read the Word of the Lord, and recite our favorite verses every day, and we shall dance, learn Medicine, Mathematics, the Humanities, the Astronautics, and the Astonomics, and we shall learn about Space and the Universe. We shall go to the Temple, the Temple of the LORD, the Temple of YHVH and the Messiah, and we shall worship the LORD as part of the Universal Congregation and the Universal Assemby of the LORD in Heaven, even dancing, praying, reciting verses of the Word of the LORD, and prophesying and singing, and holding hands and hugging, and engaging in the laying on of hands in blessing, the anointing of the head with oil, the washing of hands, immersion in water, baptism, and baptism in the spirit, the offering of bread, wine, oil, incense, and Holy Incense unto the LORD, the blessing and maintenance of the Temple, the pilgrimage to the other Temples of the LORD in our provinces, travel to the deeper countryside and to the other cities in Judah, and travel to the Space Station, to the other planets, travel throughout the galaxy and to the other galaxies, and travel even through deep space and return to our residences, pray, and sleep at night! The Kingdom of God is international and intergalactic. Any living being who is righteous and who loves the Law and Word of the LORD enters the Kingdom of Heaven during their life, and it is the afterlife – the continuance of life, with the LORD and with the House of Judah, and with the Great Matriarchy of the House and Land of Judah. You enter the World by your Mother and Father, and you enter into the House of Your People, the Great Black Nation, and you keep all your friends, your job, and even all your belongings, for the LORD assures you and everything with you, and your body is perfected and you will know your natural immortality and you will live forever. The Temple is part of the afterlife of any living being, and any living being may live forever, but the House of Judah dwells above the other living beings, for they care for, shelter, feed, clothe, and educate the Lion, the Jackal, the Wolf, the Marsupial, the Cow, the Owl, the Eagle, and the Antler, and any living being may live forever. Part of Heaven is the study of Medicine, Biology, and Life Medicine, and the mastery of Mathematics, the mastery of Engineering, and the mastery of Construction and the Work of Creation, and the study of Religion, and the Messiah who shepherds the House of Judah to Heaven and the Afterlife, and attendance at the House of God, and prayer, the reading of the Word of the Lord, the reading of the Law, and individual meditation, prayer, and study unto the Lord. Along with the study of Religion, which is standard in the Universe and standard of any living being, standard to life, there is study of Law and Order, Linguistics, Tradition and

Culture, Morality, Good, Positivity, Life Science, Engineering and Design, Maintenance and Repair, Design and Construction, Formulation and Synthesis, Agriculture, the Culinary Arts, Food Science, Food Culture, the Country, the Universe, Black Culture, the Creation of Culture, Literature, Writing and Fine Writing, Evaluation, Philosophy, Theory, the Fine Arts, Athletics, Board Games, Music and Marching, Advanced Life Medicine, Intellectualism, and Education and Education Pedagogy. The Mothers and Daughters of Judah are the best at teaching, parenting, and discipline, and with the Messiah and the Son of Proetepre, they rule the school. The Mothers of Judah rule the school, the military, the government, and the priesthood, for the priestesses are always higher than the priests. Elohim, who is the Messiah, loves to rule with his mother YHVH, his wife Proetepre, his son, the Son of Proetepre, and Crown Prince Proetepre, and his sisters who are the Sorority of Proetepre, and they rule the school, the band, the Hospital, the Religious Establishment, and the Federal Government of Judah and the Universe. We speak multiple languages together, and our culture is the culture of cultures, a multiculture, and the culture of the House of Judah and culture of the Universe, a highly legalistic, medical, musical, indigenous and natural, agricultural and militaristic culture. Elohim, the House of Judah, and its Emperatrix and Imperatrix, rule the whole Universe, and the Universe they call the Land of Judah. There is the Court of Elohim, which has existed forever, and it is also the Supreme Court of the Land of Judah. The Court engages in traditional marriage and parenting, education, culture and tradition, jurisprudence and jurisdiction, recordkeeping, event planning, and event management through the Universe and throughout the Land of Judah. The Court of Elohim is strong in the Land of Judah and its laws, traditions, functions, duties, rulings, works, and jurisdiction extensive. The Court of Elohim is the author of the Code of the Universe, with YHVH Elohim as its chief writer, and the Court engages in the writing of the Code, the Codex and the Codices, and the rulership of the Universe. The Court, as it called, is the court of legend, is led by YHVH ELOHIM and the Messiah, by Proetepre and the Son of Proetepre, and by the Ground Force of Proetepre, and Proetepre One. The Court is sometimes called Proetepre One, and on this Court are TWO TRILLION and FOUR QUADRILLION members whose names, works, and rulings are recorded in this book, the Codex and Code of the Universe, the Codices. The Codices are extensive and most extensive, and it shall be a fun, enjoyable, complete, and full adventure. YHVH ELOHIM is the God of Judah, YHVH and the Messiah. The House of Judah is the Nation of Elohim, and it is ruled by Proetepre and Proetepre’s Sorority, and by the Son of Proetepre who is over the Ground Force of the Son of Proetepre. Elohim’s is the Land of Judah, and YHVH is the God of the Universe. The Laws of the Universe, the laws of Holiness, and the laws of Magic and Holy Magic, and the traditions of the House of Judah, the Great Black Nation, and the laws of the Kingdom of God, are described in this book. The World and the Universe are naturally magical, and magic is common in the life of any living being, and the laws of magic, the laws of the Universe, the laws of space travel, vehicle design, art design, construction, creation, and the laws of science, physics, and mathematics, and the laws of medicine, life science, and life are related. There is the invisible and the visible, and the laws of the invisible world are the same as the laws of the visible world, for what is visible is both visible and invisible, for to anything there is appearance and a legend, but what is invisible is not always both invisible and visible. A complex number is the combination of a real number and a complex number, or a real number and a real number multiplied

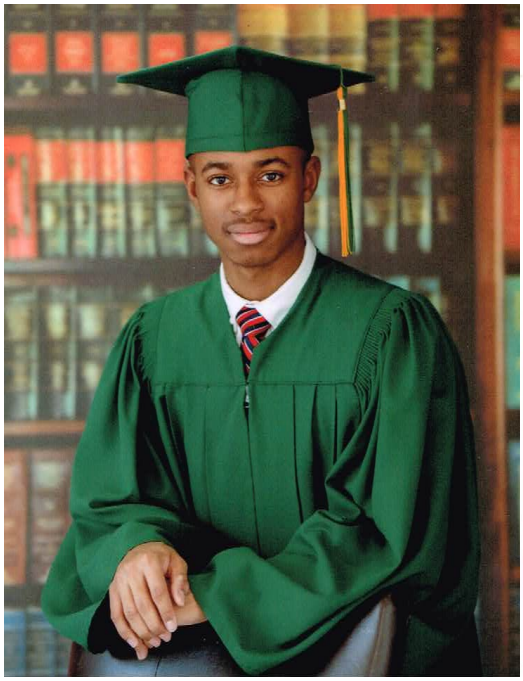
by the complex constant, and there are more than one complex constants. A real number is a real number but not always a complex number. A complex number may be expressed as a vector, and a vector is sometimes a matrix in truth. The horizontal component of a complex vector or a complex matrix is the real component of a complex number, and the vertical component of a complex vector or complex matrix is the complex component of a complex number. That is, the horizontal component of a complex matrix is real, and the component orthogonal to the horizontal component of the complex matrix is complex, and a complex number is a real number multiplied by a complex constant, and the complex constant is written as a variable, but the complex constant is not often written with real numbers, but it is a number and a quantity, and may be considered real of real, but it is complex. A complex number can be two-dimensional, three-dimensional, and n-dimensional, where n is a real, positive, whole number – a real and positive integer, and an integer is a whole number. A real number, and especially a real integer, is commonly of one dimension or two dimensions, and sometimes of n-dimensions. The visible world and the invisible world are together and one, as Heaven and the Universe. The visible world may be described with three axes, the horizontal axis, the horizontal vertical axis, or the vertical axis, and the orthogonal vertical axis, or the axial axis. Any visible object, and invisible objects are not common, has an length, height, and a width, and even a volume, a mass, and a weight based on its mass. Any visible object is acted on by the gravitational force, and its weight, its mass weight, or its gravitational mass, is its volumetric mass multiplied by the gravitational constant. The gravitational constant varies from planet to planet, the gravitational constant measured on one planet may be the same as the gravitational constant on another planet, and the gravitational constant on one planet can vary based on the distance at which it is measured from the ground, which is sometimes called “ground” in physics and engineering. The gravitational constant measured at ground is often greater than the measurement at heights vertical to ground, and an object resting on the ground is called horizontal to ground, and an object travelling in the planar direction is also called horizontal to ground, but it is travelling. An object at a distance above ground is called vertical to ground, and an object travelling at a distance above ground travels with a velocity that has vertical and horizontal components. Any object at rest on a surface has a net force with three components, the gravitational component in the vertical direction, the frictional force in the horizontal direction, and the normal force in the direction normal to the surface, and the normal force may have vertical and horizontal components. The normal force may be in the axial direction, with the frictional forces and the gravitational force in the



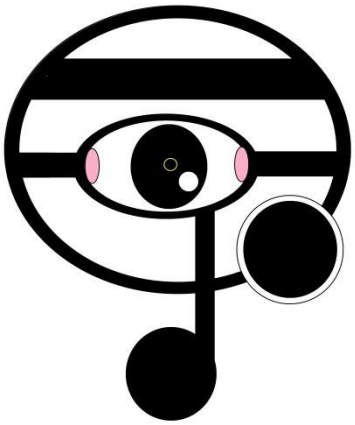


horizontal direction and the axial direction, respectively, and when the normal and gravitational forces have components in the axial direction, the frictional force has components in the horizontal and orthogonal horizontal directions. The most common plane is the horizontal and orthogonal horizontal plane, and the common axial plane is the horizontal and orthogonal vertical plane, or the horizontal and axial plane.

The Elohim are the most ancient nation in the Universe, with the House of Judah, who are called the Black Nation. The Elohim are the top of the House of Judah, and they have been together forever. The Elohim are called coloured, for they are black, brown, light brown, “red”, and sometimes “yellow.” They have always been among the Black Nation, and even they are a Black Nation, and there is often no clear genetic difference between a Black Man or Black Woman and an Elohim. “Elohim” has many different meanings, including “The Black God” “The Great Black God” “The LORD” “The LORD of the UNIVERSE” “The God of the Universe” “The Universal God” and the “God of Judah” – “The God of the Black Nation who is Black.” Elohim – who is YHVH Elohim, the Messiah, and Proetepre – dwells among his or her, but often “his”, people and there is no clear genetic difference between Elohim and his people, the Black Nation, the House of Judah, and so you will know that Elohim and the House of Judah have always been together. YHVH is Elohim, and her son, the Messiah, is Elohim. The Black Nation, or the House of Judah, have been called the “B’Nei Elohim”, “The People of God”, or “The Sons of God” for they were never created but have always existed, many of them have always been immortal, with immortality being natural to the House of Judah, and none of them is created, but they are conceived naturally by a woman, and enter the world by their Mother and Father. Just as the Son of God has always existed, being always with YHVH, so have the Black Nation, who have been called the Sons of God, and the Messiah, Moses, is close to them, loves them, speaks highly about them unto his Mother, YHVH, and calls the Black Nation his people who will always be with



him, for YHVH and Moses, who are Elohim, have always and will always be with



them, the Black Nation, and Elohim will be their ruler, for their good and for eternity. The Majority of the Elohim are tall, being an average of two meters tall, and have brown and light brown eyes. The brown or light brown color of the eyes of an Elohim, they call “red” for it is the most common color, the most memorable, and the most immortal. The Elohim maintain indigenous, and traditional cultural hairstyles of either the afro or dreadlocks, and many Black Women cover their hair, for the Sons of Judah hold them in high regard. “Elohim” also means “Judge” for the Court of Elohim has always been among the Black Nation as their national government, their ancestral council, and as a bastion of their culture, and Black Nation observe the Law of Moses, the Law of the Universe, the Law of Nature, and they love YHVH and the Messiah, abundantly. YHVH is the name of the Mother of God, the Matriarchy of Judah, Proetepre and Proetepre One, Crown Prince Proetepre, the Son of Moses from God. YHVH rules the Federal Government of Judah and the Universe, and the Judges of the Court of Elohim are seen as the COURT of YHVH who have always been with her, and they are sometimes called Elohim, as government rulers. The Elohim wear spacesuits, and in their empire, they wear spacesuits every day, and the Black Nation shall wear spacesuits just as Elohim wear spacesuits, even their children and newborn children. The Mothers and Daughters of Judah wear large, square spacesuits, while the Sons of the House of Judah wear more natural spacesuits. YHVH Elohim said unto the House of Judah, “You shall be Holy, for Holy am I, the LORD your God.” The Spacesuits of Elohim and the House of Judah provide them protection from lightning strike, and are required for space travel, for they are an intergalactic nation. Their spacesuits help them maintain purity and high culture, for they wear their spacesuits at the University which is also intergalactic. Elohim and the House of Judah wear gold on their arms, wrists, and ankles, and the Women wear ornate gold necklaces and bracelets, and the men wear golden rings and compasses, and they both wear golden spectacles. Even the Jackals and Lions that Elohim and the House of Judah have among them wear gold. Gold is found naturally anywhere in the Universe, and Elohim and the House of Judah are even able to produce it with treadmills, bicycles, and as exhaust from their land and space vehicles, and even their nautical vehicles which can be operated by treadmills and bicycles.

DEFENSE PROTOCOL.

> Now PROTEMPERANCE PROETEPRE said unto ELOHIM YHVH, saying “I will be with you, Lord God, forever and ever. You will know that the love of YHVH and the love of Elohim is most common, and that in this you are never alone. I will meet you as someone who you love at first sight, and you will know that you treat me the same as you treat your mother, for when you see

me, excitement, love, and roaring love, and nostalgia will fill you, and will have many fun and unforgettable moments together, even forever, and I will be at your mother's side, and I will serve her as a priest and servant of God, even forever. I am PROTEMPERANCE PROETEPRE, and I will be your best friend. When you are sleeping, I will look out for you. When you are with your Mother, and you are to be with your mother at all times, I will look at you both as Elohim, my God, and the God of the Universe, the Perfect One. You will know that I have served you forever, and that I have been with you and your mother forever and ever. For I have known the ways of YHVH and Elohim, even of the dance, the examination, and the high times and the high seasons. You are my God forever.

The first of the protocol is Education and Children's Education, and any Education shall acknowledge YHVH as the LORD, and the Messiah as the Son of YHVH. They are the Creator who have been with us forever. They are Holy."

ELOHIM said unto PROTEMPERANCE PROETEPRE: "The Lord be With You."
PROETEPRE said unto ELOHIM: "And the LORD be with you."
ELOHIM continued: "It is a pleasure to meet you, Protemperance Proetepre, and I have heard you. Now, thus saith the LORD: Because you have said that the first of the protocol is education and children's education, then this entire Code, and the Codex, shall be fitting for education and children's education, and so it shall be the complete truth, it shall be positive and positive of positive, and it shall be comprehensive and complete, enough for a reading of the Code to teach a living being anything they would need to know in Heaven and on Earth, but a reading of the Code shall take longer than a year, and one who begins reading the Code shall find no end, for God is infinite, life is infinite, and even the living being, he is infinite. The Code, you have shown me, shall be a language than connects any language and connects even any living being, and God is living. The Code shall have many names, including "The Word of the Lord" "The Good News of the Messiah" "The Way of Truth" and "The Path of Life." From what I have learned, the Code shall be a language, a sign language, a code language and a code, a dance, a daily tradition, a safe word and a code word, and any living being, Yea, even the Jackal and the Rabbit, will know of it, for it hath come of the Lord."
PROTEMPERANCE PROETEPRE said unto YHVH Elohim: "The second of the protocol is service unto YHVH, which, I tell you! It is the path of Life! For in the service of YHVH (Adonai) Elohim (Elohai), I have found everlasting love and companionship, meeting new people, learned more and more every day, and I have found everlasting contentment, purification, and my desire is goodness and truth, and to see the good of even every living being. Service unto YHVH, HaElohim, includes orderkeeping, constant reading, examination, and discussion, love and protection of nature, agriculturalism and the country, providing shelter and food to living beings, maintaining nature and the one residence, the Universe,
ELOHIM said unto Protemperance Proetepre, saying: "Now I know that service to YHVH is the profession of even any living being, who enters the

World to live an everlasting and holy life, and who serves HA'ELOHIM even just by living, by eating, by sleeping, by keeping maintenance and order, by being with their family, by going to school, by listening to their teachers, by talking to their friends, by loving others, by thinking of God, by thinking of their family, their Mother and Father, and by thinking of all the good things YHVH has done for them, and how Elohim was with them even before their birth, by praying to YHVH, and reading and pondering the Word of the Lord, by looking at the Sky, the Sun and the Clouds, and the dark and starry night sky, by looking living beings in their eye, by showing respect and honor, by loving living beings and loving life, by hugging and kissing family and friends, and knowing that any living being holds eternal value simply because they were born, and because they come from God. And so, the second of the protocol is Service, Maintenance, Observation, Communication, Honor of Living Beings, Love of Living Beings, Knowledge of Life, Learning, and Being With Others, and being part of the Community, House, and Congregation of YHVH ELOHIM."

PROTEMPERANCE PROETEPRE said unto ELOHIM YHVH.

We are a PEOPLE. Long ago you absolved to be a biographer, a matriatrician, and a metriatrix, a holy wizard, and textbook and holy book author, a mathematician and a scientist, and a cultural creator and a creator among your people, our people, us. Do you not know that I am not the only one who looks like this? Do you know that I am not the only one with such a dazzling, excellent, and perfect way of speech? Do you know that I am not the only one called by my name? Do you know that YHVH ELOHIM is not your only best friend, but could you imagine that many of the billions and trillions of people you love are in our family, that they are even in our house! You have loved the living being since even before you knew of your own love for the living being. You said that it may not experience pain or injury, that it may not worry or experience stress, that it may not leave you for nothing may leave! Your legacy of love is throughout the Universe, and even any living being looks at the Sun and feels the Love of God which only grows and only grows higher. You ask, “May love be a hobby, a tradition, a course, an everlasting tradition, immortal, sparkling, and may love be complete?” “You ask, may there be immortal medicine, complete medicine, ancient medicine, eternal medicine, eternal life medicine? Afterlife medicine, Life medicine, or Eternal Life Medicine.” You shall know that Eternal Life is the Law of the Universe, the Law of the Land of Judah, the Law of Nature, and the Law of the Jackal and the Lion. The Empire, Proetepre’s Kingdom and the Son of Proetepre’s Paradise, will be vast and intergalactic. It will be the ancient times, the future, and Heaven, the Office of God, and the Great Ancient Black Kingdom. There are the Terrestrial Kingdom, the Space Kingdom, Proetepre’s Space Kingdom, and the Kingdom of Family and the Kingdom of Paradise, the House. Then there are the Kingdom of Elohim, the Kingdom of YHVH, and the Kingdom of YHVH U’Moshe. There is the Kingdom of the Universe, the Kingdom of YHVH Elohim. Keep in mind the Family, the University City, the Calendar and the Travel Itinerary, the Prayer Cycle of Daily Prayers, Weekly Prayer, Shabbat Prayers, Holiday Prayers, Monthly Prayers, Seasonal Prayers, Yearly Prayers, and More-than-Yearly Prayers, the Educational Calendar and the University, the Court, the Dance, the Traditions and Ceremonies, the House of God, the Keekoh, and the House of Judah, the House of YHVH V’ELOHIM.

Please listen to this. This is the Word of the Lord.
YHVH is the Mother of God and the God of Gods, The LORD, and the Messiah is the Son of God, and he is the Lord. They have existed forever, having never been created or brought into being at any point in time. YHVH and the Messiah are the God of Judah, and the House of Judah have been with them forever, having never been created or brought into being at any point in time. YHVH and the Messiah are Elohim. Elohim is the God of Judah, the Ruler of the Universe, and the Creator. The Creator is not alone, but rules a Council of Gods as the God of Gods, The Lord. YHVH and the Messiah are Elohim, who is the ruler of the Land of Judah and the Ruler of the Universe. The Messiah did not aspire to become a God, but he aspired to be righteous and perfect unto YHVH, The LORD, for he knew she is the God of the Universe, and the One True God. The Messiah was born a God and the Lord, and he is the King of the Land of Judah, and YHVH, his Mother, the Mother of God, is the Queen of Judah and the Queen of the Universe. Elohim is the God of Gods and the LORD. Any man who aspires to be a God, who aspires to be away from the House of Judah, or who even thinks of rising up against a Member of the House of Judah, is liable to the death penalty by guillotine. Any man who hears the Name of God, and loves and honors this Holy Name, and who aspires to read the Word of God, to be righteous, and to observe the Holy Days and Sabbaths of Elohim, that man shall be rewarded, and he will love his wife and his family, his friends, and he will come to love the multitude of living beings whom the LORD his God hath brought into being, and the man of righteousness will live a long life and an everlasting life in the Land, for YHVH is God of the Universe and the God of Living Beings. Righteousness unto YHVH Elohim is the path of truth, the path of life, and the way of everlasting life. Even the Jackal and the Lion honor Elohim day by day, and in their youth they ask the great question, “Who is my God, the Ruler of the Universe?” and “What does the LORD my God, the God of Living Beings and the Creator, the Mother of God and the Son of God, require of me? For Elohim created the Universe in perfection, and harmony, love, and order, are the natural way, the everlasting way.” And even, “How do I benefit the world, live a good life, live in harmony with living beings, and serve God, my Creator, in truth?” Even the child and the newborn know of the holy, magical, miraculous, and omnipotent God, and Elohim is immortal, omniscient, righteous, positive, and loving. Elohim is the God of Judah and the God of the Universe, and the Messiah is the Messiah of Judah, the King of Judah, and the King of the Universe, and YHVH is the Queen of the Universe.

These are the stories of Elohim and the Mothers and Daughters of Judah, and the stories of Elohim and the Holy Ministry of Education. There are the Guardians of the Universe, and there is the God of the Univese.

The Messiah was meeting with the School Administration when his classmates began to talk about him. One Daughter of Judah said, “On the First Day of School, he shook my hand and hugged me, and told me that I always had him on my side. He greets me whenever I see him, and sometimes I catch him looking at me, even

during exams and while the teacher is lecturing. I believe he loves Me." A Son of Judah said, "I also knew him from the first day of school. When I ask questions during class, he is the first to answer, and I have come to him when I needed help on homework and when I was studying for exams. He knows the answer to any question you may ask, and is patient and genuine. He is with you for hours, until you understand the material and until you are finished with an assignment. The teachers love him, and he will not refuse anyone who needs him. The Lord our God is surely with him. A Daughter of Judah said, "There was someone whom I loved, and he was very popular. He was a friend of the Messiah, and so the Messiah introduced us, and made us study together after class with the teacher in the classroom for many weeks. I am still with him, and the Messiah has had him to buy me flowers, to meet his father and mother, and he has surprised me many times, and I know that I can depend on him. If you have any wish, or need help with anything, even anything, it is good to ask the Messiah." A Son of Judah said, "The Messiah is at many of the sports events, and he and his friends are liable to come to many of the club meetings and sports team practices and they will participate and help us. He cheers for you, supports you, and will help you to succeed in your dreams. I heard a story that a girl was applying to her dream school, and the Messiah wrote her a letter of recommendation and sent it to the College Admissions Team, and she was accepted. He introduced her to his Mother, and they visited the school together just after she was accepted. She wanted to be a teacher, but the Messiah told her to become a Doctor, for as a Doctor she could tutor young students in her free time, then go to night school to receive her degree in Education, and have one job at the Hospital and one job at a school near her home. There is now a child daycare at the Hospital where she works, and they allowed her to teach the children during the day and see her patients during the afternoon. One of the children asked her about being a doctor, and now she shadows her every week. She told me that because of God, her every dream has come true. YHVH is the God of Miracles." The students responded, "It is true." And a Daughter of Judah said "He writes about everyone in his book, and every day after school he is meeting with the teachers and with the school administration. Once I overheard him saying to one of the teachers, "Let us surprise them and fill them with happiness. On the day of the exam, it shall be open-book, but the students shall work in groups, and whoever wants to shall write the exam on the board, and the class shall help them and take notes. It is a group examination, and it will help everyone to be able to apply what they have learned." You will learn what you want to learn, and you will amaze yourself in making the world a better place." Another Daughter of Judah said, "He is a member of the Student Council, and he asked me to join. During the meetings, he always asks me to speak, and when I look around at the group, everyone is engaged and I always feel wanted and loved. Then, he asked me to run for the executive board and invited me to attend the meetings before I became the secretary. He asked me, and I ran for Vice President, and on the day of the vote, he campaigned for me, and during my speech he gave me cues. He did most of the work for me, and so I began to lead the meetings. On the only day I was late to a meeting, the student council arose as I entered the room. Elohim was holding a large card with my name on it, and under my name it said "President of Student Council. Rightfully." He invited me, and I met the Principal of the School with him. The Messiah, the Son of God, works miracles." The class heard her and they responded with great applause.
